Italia Romantica at Gimbels

Last month Gimbels in New York staged a store-wide Italian promotion in cooperation with the Italian Ministry for Foreign Trade and the Italian State Tourist Office.

The *Italia Romantica* theme

was carried out on each of the nine floors of the store beginning with the main floor where replicas of Italian art masterpieces included Michelangelo's David, the Bruges Madonna, a bust of Caesar, Canova's lion from St. Peter's Cathedral, and other masterpieces. The fifth floor, devoted to Venice featured reproductions of antique Venetian glass. On the sixth floor a custom-made Ferrari, designed exclusively for Gimbels, highlighted industrial Turin. The seventh floor featured typical Genovese furniture, antique reproductions, and decorative chairs from Chiavari. Arezzo and Milan were given top billing on the eighth floor with a ceramic display and a kiln.

A.I.D. program of future events

The first fall meeting of the New York Chapter of the American Institute of Interior Designers was held September 29 at the Hotel Plaza. Guest speaker, Dr. Ethel Alpenfels, professor of anthropology in New York University's School of Education, delivered a lively talk concerning the correlation between the anthropologist's interests and those of the interior designer. Dr. Alpenfels emphasized that it was the interior designer's responsibility to understand American society and take the leadership in keeping man from becoming obsolete in the midst of a technological culture.

Other New York chapter events for this year will include: The New York City Ballet at Lincoln Center, October 28; a meeting at Stark Carpet Company, November 23; a Christmas party at the Plaza, December 15.
